WILLIAM WANG

wwangcode@gmail.com | (512) 968-2477 | github.com/wwangcode | wwangcode.vercel.app

SKILLS

Languages: JavaScript, Node.js, SQL, CSS, JSX/HTML, Python
Frameworks/Libraries: React + Redux, Next.js, Fusion.js, Django
Services/Other: AWS Lambda + S3 + EC2, API Gateway, Vercel, Adobe Xd + Photoshop, Balsamiq

SUMMARY

I am an ambitious and enthusiastic full-stack engineer seeking projects to challenge and grow my skills. With experience involved with teams at all levels, I approach my work with a team first mentality, an open, and a desire to improve. I welcome a conversation to see if I can help your organization build something special!

EXPERIENCE

Iternal Technologies – *Jr. Software Engineer; Austin, TX*   April 2020 – Present
- Reported directly to the CTO, working cross functionally to design, develop and innovate software through product lifecycle
- Drove user accountability by designing and building a full-stack event audit log feature to record, track and query user and system driven events with filtering options
- Broadened market base by supporting international scaling through adding translation/internationalization support for SaaS platform
- Improved content accessibility by implementing download functionality from AWS S3 and SQL backend

wwangphoto.com – *End-to-end design and development of full-stack, static site generated photography blog*
- Stack: Next.js, React, Node.js, SQLite, Django, Python, AWS Lambda/S3, Vercel, Styled-Components
- Features: Mobile-friendly and responsive UI displaying lazy loaded images optimized on demand and cached in CDN, backed by serverless API, static site generated, tagging for filtering of photos

Planter – *Full-stack, responsive pomodoro timer app with user authentication*
- Stack: Fusion.js, React, Redux, Node.js, Django Rest Framework, Python, SQLite
- Features: User authentication handled via JWT tokens, backed by database supporting CRUD operations to handle serving authenticated user data, responsive UI, timer data updated real time using RPC calls

Amica Mutual Insurance – *Account Manager;* Raynham, MA   September 2018 – March 2020
- Championed diversity as the director of office diversity team and editor for the regional company magazine publication
- Managed and coached a team of 8 account representatives to exceed performance and professional goals
- Experience with sales and customer service in a fast-paced and high volume environment
